

Aug 9, 1855

Battle of Acapulco

Liberals led by Benito Juarez  
(Mar 21, 1806 - July 18, 1872)

defeated Mexican government troops  
led by Antonio Lopez de Santa  
Anna (Feb 21, 1794 - June 21, 1876)  
during Mexican liberal uprising.

1855

---

Newton had formulated his laws of gravitation, but there were problems. For ex. the moon's calculated position still did not match actual observations. Formulas needed to be upgraded.

1855

Livingstone was following down the Zambezi River. He heard a roar & five columns of smoke. Stopped on an island. Carved his name & date 1855. He had found a waterfall. He named it Victoria Falls. Then he went back to England to visit. But he returned to

Africa later.

He took sick and died.
